## E-LETTER DECEMBER 2010

Whitewater's 1<sup>st</sup> annual tree lighting ceremony was a great success! Even with the snow and winds, over 50 people attended the event. The evening started with Supervisor Larry Lake offering his expectations for the tree- "To become a growing symbol of the desire of our residents to unite and form a community; a town with a sense of place, a heart and a soul." Following Supervisor Lake's speech was the acceptance of the tree dedication on behalf of the our American Legion Post by Dan Skurski. Many put yellow ribbons on the tree for their loved ones and all were moved by the beautiful sight. Hot cocoa and coffee along with iced sugar cookies was enjoyed by all. Santa arrived with sirens blowing and lights flashing to the delight children both young and old. Thank you to our volunteer firemen for making Santa's trip a safe one.

## EMERGENCY PREPAREDNESS

### Preparedness Tip #3

Choose an emergency contact person outside your area because it may be easier to call long distance than locally after a local/regional disaster. Take a minute now to call or e-mail an out-of-town friend or family member to ask him or her to be your family's designated contact in the event of an emergency. Be sure to share the contact's phone number with everyone in the family. During an emergency, you can call your contact who can share with other family members where you are; how you are doing; and how to get in contact with you.

### Preparedness Tip #4

Complete an emergency contact card and make copies for each member of your family to carry with them. Be sure to include an out-of-town contact on your contact card. It may be easier to reach someone out of town if local phone lines are out of service or overloaded. You should also have at least one traditionally wired landline phone, as cordless or cellular phones may not work in an emergency. Visit [www.redcross.org](http://www.redcross.org) or [www.ready.gov](http://www.ready.gov) for sample emergency contact cards.
