

POSTING – VOLUNTEER

Greetings Whitewater Township Residents,

We need your Help! Whitewater Township will begin the required 5-year formal process of updating our current Master Plan.

We are beginning the early stages of planning and data gathering and see an opportunity to create three new short-term community volunteer positions that will help define the scope of work to be performed, and how we collect input and generate dialogue with our community members. The group will be known as the Resident Outreach Subcommittee (ROS) and will include three township residents, and two Planning Commission members, Rachel Steelman, and Rod Rebant.

The goals of the ROS will be:

1. Make a recommendation on the need to prepare a new community survey. Our last Township survey was completed in 2009.
2. If a new survey is desired, recommend new and/or modified survey questions to the Planning Commission.
3. Research and Develop a plan to engage citizen participation in the survey
4. Review and analyze old and new survey results to define a select number of issues to be used at subsequent workshops and/or community meetings.
5. Plan for and conduct workshops and community engagement

While we do not know the exact time for commitment involved, we do expect this to be a heavy lift with several meetings through at least 2023. If you are will and able to help us with this exciting venture, please submit your formal request to participate to Rachel Steelman (RSteelmanPC@Yahoo.com) and Rod Rebant (rrrebant@gmail.com) by January 20th, 2023 with the following information:

1. Name
2. Address
3. Email
4. Phone Number
5. Answer the following questions:
 - a. What opportunities may exist for us to improve our Master Plan
 - b. How much time can you allocate to this committee
 - c. Are you willing to commit through the project's completion?

The submitted names will be added to the February 1st, 2023 Planning Commission agenda for consideration, discussion, and possible appointments.

THANK YOU for your time,
Rachel and Rod
